

Description of the Promotions held under the Humans Loyalty Program

This Promotion Description (hereinafter referred to as the Description) is an integral part of the Humans Loyalty Program and is an offer of LLC Humans to an indefinite circle of persons.

“Double Your Bonuses” Promotion

By joining Humans, Members will be able to share bonuses with people who are not yet Humans users. To do this, they need to register with the HUMANS.uz application, link an Uzcard or HUMO bank card, and make payments, thus accumulating bonuses from each payment.

After that, the Participant of the promotion will be able to send bonuses to other people, given that they are not Humans customers. To do this, they must follow the steps below:

1. The promotion Participant can send a bonus from 1,000 to 5,000 UZS to anyone who is not yet a Humans user;
2. The recipient of the bonus will receive an SMS, informing them about the transfer;
3. Once the recipient installs the Humans.uz application, registers and adds their Uzcard or HUMO bank card (not previously used by another Humans user), Humans will credit them the bonus sent by the sender;
4. Once the recipient fulfills the above conditions, the sender will receive double the amount of the bonus they've sent;

For instance, if the sender transfers a 4,000 UZS bonus, the recipient will receive 4,000 UZS, and the sender will receive 8,000 UZS to their cashback account — twice the amount of the sent bonuses.

Bonuses can be shared with a recipient only once. The more contacts you have, the more bonuses you can double.

The number of UZS bonus items is not limited.

The promotion is valid from 01/14/2021 until its cancellation.
